

Explore France and French Canada by creating a power point and using a variety of technology

L'Arc de Triomphe

In class, students are given opportunities to create. They are given options of using their wide variety of computer skills or their artistic abilities! Either way, each student will explore many different cultures and experience their ways of life! Come and Explore dans la classe de Français!

## Trips to Canada and France!

This year we are going to Switzerland and France over Easter!

*You will be able to join us to go to Canada over Memorial Day Weekend --2013!!*

**Sign Up for French Next Year and Join the Fun!**  
*Allons-y!*

***C'est la meilleure!***

## La Classe De Français

### Parlez Français!

Let's speak French! In class,

**Notre  
Dame**

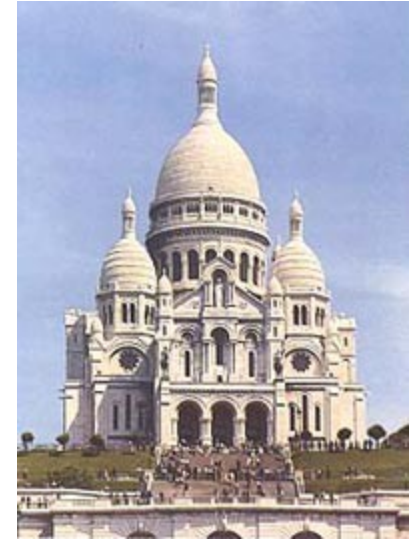

the students get many opportunities to speak the language by creating skits, asking each other likes and dislikes and acting out

crazy stories.

### Bringing Real Life to the Class!

Students will have opportunities to act out stories and actively participate in learning the language. Our goal is to equip each student to function in a foreign country. Students will experience the French café being able to order, the hotel, being able to reserve a room, the places of transportation including the airport, train stations and taxis. Come join us and learn to Parlez le Français!!!

Sign up and you won't regret it.

**Just Do It!**
