Senior Class Trip Refund Update

Disney has informed our travel agent that they plan on refunding the full amount. Southwest Airlines has stated the same intention. The travel agent is still working with Jet Blue Airline on how they plan to respond. Mr. Wilhelm has been working with the Class Advisors for the Class of 2021 to get there financial assistance with Jet Blue possibly withholding \$50.00 per person seat reservation charge.

As soon as the refunds begin rolling in, Southern can begin setting up a system within which each student's account can be refunded. The travel agent informed us that the companies have up to 60 days to begin refunding so, it could likely be into the summer before money actually arrives in the Southern accounts.

Whenever we get more detailed information, we will post that information on our website.
