Scholarship Criteria and Appointment Facts

Each of the scholarship donor groups establishes its own criteria and determines how much money each scholarship is worth. Approximately 80% of tonight's scholarship appointments were determined by the donor groups themselves. For the remaining 20% of tonight's scholarships an inter-district committee consisting of administrators, guidance counselors, class advisors and faculty members representing the Southern Regional Education Association Scholarship Committee convened. During this work session, the committee reviewed each scholarship's criteria; the information submitted by each student and then selected the scholarship's recipient/s based upon the published criteria.

Much hard work and thought goes into the scholarship appointment process and a special "thanks" is extended to all of those who participate in this process.

Word of Thanks . . .

The Southern Regional Scholarship Program is a success due to the hard work of hundreds of community members who give tirelessly their time and effort for the benefit of the students at Southern Regional.

The funds that our donors raise for the students of the District are immensely important in helping them achieve their goals.

Our donors are the backbone of our program.

We hope you enjoy today's program and accept it as a token of our thanks and an acknowledgment of your continuous commitment to our District.

“Committed to Excellence”
