# SKATEBOARDING CLUB

---

The Skateboarding Club is a place for students who enjoy skating to connect, share tricks, and support each other. Whether you're just starting out or already skilled, the club is all about having fun, building friendships, and encouraging each other on and off the board.

Club Goals:

- Create a welcoming space for skaters of all levels to hang out and skate together.
- Encourage teamwork, confidence, and positive friendships through skateboarding.
- Celebrate progress, big or small, and enjoy skating as a community.
