

## *Storm Team*

# *Welcome to Southern Regional Middle School!*

Dear Storm Team Student,

Welcome to the **Storm Team** and **Southern Regional Middle School**. You are now a part of a group of 125 students on our team who will share the same core academic teachers and work together on projects and school activities.

**Mrs. Sarah Line**, our science teacher, will focus on chemistry and life science and will introduce you to many of our local plants and animals.

**Mrs. Nancy Patterson**, our English teacher, will guide you through some interesting literature and help you become a better writer.

**Mr. Jonathan Power**, our social studies teacher, will help you explore long ago civilizations and modern nations.

**Mrs. Barbette Lovas**, our mathematics teacher, will make you a better problem solver and will introduce you to some basic concepts of algebra and percents.

**Mrs. Sara Cimino**, our in class support teacher, will team with the other teachers in teaching science, social studies, math, and English.

**Mrs. Barbara Palmieri**, our math Lab teacher, will help you investigate geometry and probability through a variety of activities.

**Mrs. Margarita Halevy**, our English Lab teacher, will assist you in delving into non-fiction reading and grammar skills.

**Mrs. Cynthia Skeie** will be your guidance counselor. She will provide you with helpful hints throughout the school year.

On the back of this letter you will find a list of supplies you will need for next year.

We are looking forward to meeting you in September as you join our Southern Regional Family. We have many educational and fun activities in store for you. **\*Don't forget Summer Reading is due 9-8-17!**

Enjoy the rest of your summer!

## *Storm Team Supply List*
