

Military Tribute **Wall**

A military tribute wall is in progress with names permanently printed on the walls of the 11/12 building. We want to include anyone who is a member of our Southern family as well as members of our community at large. This is for anyone who has served – past and present. Please forward the following information to me as soon as possible. This will be an ongoing project, so we will continue to gather names and add them to the walls. If you have anyone you would like to honor, please complete this form.
