Southern Regional Middle School is teamed. Teams have been designed to provide each student with “a place to stand until they are ready to move the earth.” Archimedes

Each team provides a smaller group identity within the structure of the larger student body, thus, enabling teachers and students to become acquainted and better facilitate challenging learning opportunities.

Every student finds a “home” on one of our seven teams. The Seahawks, Storm, Riptides and Titans welcome our incoming 7th graders. The Comets, Lightning, Sharks and Titans welcome back our 8th.

Students meet in team homerooms each morning for announcements, the Pledge of Allegiance, the SNN news broadcast, and team information.

Each team plans a trip, which takes place during the year. Many teams orchestrate fundraising events for a worthwhile cause.

Team members wear identifying T-shirts and participate as a group in friendly Competition Day events scheduled for May.

A guidance counselor is available for each team. They are ready to answer any questions and concerns that parents or students have and to disseminate information among the team teachers. Guidance counselor names are listed on student schedules.
